SUMMARY

I started my journey by exploring how technology can solve real-world problems, which led me to build and work on web and mobile applications. Today, I'm a Full Stack Developer with hands-on experience developing real-world projects, contributing to startup products, and taking leadership roles in technical and innovation communities. I enjoy turning ideas into practical solutions, learning through every project, and continuously improving my skills. Looking ahead, I aim to grow as a strong software engineer by working on impactful products, taking on challenging problems, and building technology that creates real value.

EDUCATION

B.Tech. in Information Technology

2023 - 2027

Jeppiaar Institute of Technology, Sriperumbudur

Current Status: 4th Year, 7th Semester | CGPA: 7.65

Higher Secondary Certificate (HSC)

2022 - 2023

Infant Jesus Matriculation Higher Secondary School, Kancheepuram

Score: 72%

SKILLS & COMPETENCIES

- **Languages:** JavaScript, TypeScript, Python, SQL, Dart
- **Frontend:** React.js, Next.js, HTML5, CSS3, Tailwind CSS, Vite
- **Backend & Database:** Node.js, Express.js, REST APIs, JWT, MongoDB
- **Cloud, Mobile & Tools:** AWS, Firebase, Vercel, Flutter, Git, GitHub, Postman, Figma
- **Core Competencies:** Full Stack Development, Authentication, AI/ML, Responsive Design

PROFESSIONAL EXPERIENCE

Startup Development & Innovation Associate

June 2025 - Present

Moe's Innovation Cell | CrewPlay.in & EdSurX

- Collaborated with startup teams to architect and develop scalable web interfaces using React.js.
- Assisted in API integration, debugging, deployment, and testing.
- Supported product launches through technical coordination and user engagement.

AI/ML Intern/Trainee

Oct 2024 - Feb 2025

Intel® Unnati Data-Centric Lab

- Gained hands-on experience in Artificial Intelligence and Machine Learning through data analysis and predictive modeling projects.

Graphic Design Intern

Nov 2023 - Dec 2023

Dark Pixels

- Created digital graphics, branding materials, and visual communication content.

PROJECTS

PermiGo App & Website - Digital Outpass System

React, TypeScript, Flutter, Node.js, MongoDB | [GitHub: github.com/mohanraj221210/final](https://github.com/mohanraj221210/final) | [Live: www.jit.college](http://www.jit.college)

- Developed a multi-level approval MERN application used by 500+ students, reducing approval time by 70%.

JITConnect App - College Alumni Connect

Flutter, Dart, Node.js, MongoDB | [GitHub: github.com/Sanjay-s15/jitconnectapp](https://github.com/Sanjay-s15/jitconnectapp)

- Developed a mobile platform connecting students and alumni via profiles, events, and community posts; published on the Play Store.

CrewPlay.in - Sports Team & Match Management

MERN Stack | [GitHub: github.com/venky152005/crewplay](https://github.com/venky152005/crewplay) | [Live: crewplay.in](http://crewplay.in)

- Developed and deployed a full-stack platform featuring authentication, team creation, and match management.

QR-Based Digital College Notice Board

React, Node.js, Express.js, MongoDB | [GitHub: github.com/mohanraj221210/jit-qr](https://github.com/mohanraj221210/jit-qr) | [Live: notice.jit.college](http://notice.jit.college)

- Developed a centralized digital platform enabling students to access college announcements instantly via QR codes.

Multi-School Management System

React, TypeScript, Node.js, MongoDB | [GitHub: github.com/RohithKhan/SMS](https://github.com/RohithKhan/SMS)

- Built a role-based full-stack platform designed to simplify academic operations and manage multiple schools.

Home Building Cost Prediction

Python, Machine Learning, Data Analytics

- Implemented a machine learning-based system using predictive modeling to estimate construction costs for small-scale builders.

LEADERSHIP & ACHIEVEMENTS

- **Student Branch Chairman (JIT IEEE):** Led technical initiatives, student activities, and volunteer coordination.
- **Awards:** IEEE Madras Section SAC Award 2025 (Golden Category) & JIT IEEE Excellence Award 2025 (Best Event Organizer).
- **JITConnect Recognition:** Received a Frame of Appreciation from Jeppiaar Institute of Technology for launching the alumni app.
- **Technical Problem Solving:** Solved 2,000+ coding problems on Skill Rack.

CERTIFICATIONS

- **Intel® Unnati Data-Centric Lab:** Artificial Intelligence & Machine Learning
- **AICTE:** Innovation Ambassador (IA) Training Program
- **Infosys Springboard:** Python Programming (Course Completion)
- **Skill Rack:** Python 3.x Programming Course (Hands-On)
- **IEEE:** Professional Membership Certificate
